

Zainab Sammoon

My name is Zainab Sammoon, and I am an undergraduate of Rajarata University of Sri Lanka. I have a good background in IT. I can put more effort at work. I constantly strive to do better at my career, even if it has little to do with my interests. I like expanding knowledge, picking up new talents and getting better at what I currently understand. I have discovered that I thrive in a team environment where I can pick up tricks from my superior and coworkers. Even when I screw up, I view it as an opportunity to learn from it and develop my abilities.
